

Freddy, on behalf of Coconino County Sheriff's Search and Rescue, I would like to formally thank you for customizing your training program to our needs in the north country. Index tracking, as taught by you, will take us to a new level of performance and consequently enable us to deliver improved outcomes from our searches.

Your teaching style, the material you presented and, the extensive time we spent in the field enabled our team to quickly pick up on the three critical elements of Index tracking. Melding that knowledge with the new search team formation and team communications protocols you thought applicable to our situation, will prove invaluable.

As a consequence of the course, we have already laid out plans to update our tracking manual.

Regards,

Bob

Robert S. Braudy, Ph.D.  
Lieutenant and Member of the Board  
Coconino County Sheriff's Search and Rescue
